Dear Gordon:

Thanks for the wonderful photograph of Penn Station. What a tragedy that such a spectacular building is no more.

Hope that you and Joan are well. Every time that I go to Dr. Perotti's, I half expect to run into you there. The hygienist who looks after my teeth is Michele, and I think she also takes care of you during your visits there.

Another successful Crystal Band concert at the Baptist Church this past December. This was the 33rd year in a row that we have hosted these concerts in Carbondale.

Time marches on.

Thanks again.

Robert

Penn Station

January 30, 2017

Hi Robert: Many thanks for your kind note - glad you enjoyed the pic of Penn Station. Sad it is gone! We are doing well but slowing down at 85. Joan is recovering from surgery last month and is doing well but thinks she should do better - not up to singing in the choir yet! I changed dentists - I liked Dr Perotti and Michele very much but with the distance and scheduling issues decided to make a change.

Glad you are continuing the Crystal Band tradition at the Church.
Wish we could join you there. We do get to Carbondale and the
Grand Hotel for our retired clergy meeting four times a year.
Glad Jack and Kathrine Race can attend - they are our oldest at
94! Keep up the good work and God Bless!

Our Best

Gordon & Joan
